

ST. LUCIE WEST SERVICES DISTRICT

450 SW Utility Drive Port St. Lucie, FL 34986

June 6, 2019

St Lucie West Residents and Businesses
Port St. Lucie, FL 34986

SUBJECT: **SLW Irrigation System Shutdown Notification**

Dear Residents and Businesses of St Lucie West,

St Lucie West Services District has completed the installation of a new Reuse Main Irrigation Pump Station (MIPS).

The new MIPS will go on line Monday 6/17/2019.

In order for this MIPS to be placed in service, the existing pump station needs to be placed out of service and the new discharge line plumbed into the existing distribution system.

In order to perform this work and confirm all of the start up testing passes, the irrigation system for St Lucie West will be shutdown a day early next week.

The Irrigation System will be shutdown at 9:30 AM on Thursday 6/13/19 and turned back on Monday Morning at 9:30 AM 6/17/19.

If you have any concerns about this Notification, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joshua C Miller".

Joshua C Miller
Interim Utilities Director/Assistant District Manager
