

Christmas 4 Kids is a 501c3 organization that was established in 2007 through the efforts of the Saint Lucie County Fire District and its supporters. They spread hope and holiday cheer to children in need by providing festive deliveries on Christmas morning of new toys. Our organization facilitates collection of donations from multiple sites including all fire stations throughout the county. Monetary donations are used to purchase gifts and wrapping supplies. All items are wrapped and delivered by our enthusiastic volunteers, led by Mr. Claus himself while riding upon a fire truck. The look on these children's faces on Christmas morning makes all our hard work and effort worth it. Help us bring the spirit of Christmas to the children and parents of St Lucie County.
