St. Lucie West Services District Water Conservation Rebate Program

The rebate does not apply to sales tax, seat replacement, fittings, or installation charges.

Rebate Eligibility Requirements

- ❖ The fixture(s) must be installed at a location served by the St. Lucie West Services District Water Department.
- ❖ The rebate application **must be received by the District within ninety (90) days** of the date of purchase, as shown on the sales receipt or itemized plumber's invoice.
- ❖ A representative of the St. Lucie West Services District Water Department must be permitted to inspect the property to verify installation.
- ❖ New construction projects and remodeling projects requiring a building permit do not qualify for rebates.
- ❖ Rebates are available for replacing toilets that use 3.5 gallons per flush or more.
- ❖ Rebates are available for replacing shower heads that use 5 gallons per minute or more.
- ❖ Rebates are limited to two toilets and two heads per household or business for the lifetime of the account.
- ❖ Refer to Chapter III Section 38 for the complete rules and regulations of the Water Conservation Rebate Program.

Procedure

- ❖ Complete this form and attach the **original** sales receipt, or itemized plumber's invoice showing the date of purchase. Return to the St. Lucie West Services District Water Department for processing.
- ❖ An on-site inspection by a representative of the St. Lucie West Services District Water Department may be required to verify installation before a rebate is considered for eligibility.
- ❖ Allow four to six weeks from the date the application was received to obtain a rebate.

This is a program to provide financial assistance to customers wishing to replace higher-water-use toilets and shower heads with water-conserving fixtures in their facility or place of business. Installation of the fixtures is the sole responsibility of the applicant, as is the determination of the adequacy and compatibility of their existing plumbing system. The District assumes no responsibility or liability for any damage that may occur to an applicant's property as a result of participation in the rebate program. Due to circumstances beyond its control, the St. Lucie West Services District Water Department cannot guarantee that installation of the fixtures will result in lower utility costs.
